[6] Education and Research (ED)

[6.6] Total Research Funds (in US Dollars)

Research funding for Andijan State Institute of Foreign Languages (ASIFL):

Funding source / indicator	2023	2024	2025
Funds allocated for international projects (thousand USD)	26	42	162.7
Value of contract-based agreements (million UZS)	101	170.1	330.6
Funds allocated for applied projects (million UZS)	0	734.5	1200

Description:

Andijan State Institute of Foreign Languages (ASIFL) has steadily expanded its external funding base between 2023 and 2025, reflecting stronger institutional capacity in project management, partnership development, and applied research. During this period, funding for international projects increased from USD 26.0 thousand (2023) to USD 42.0 thousand (2024) and reached USD 162.7 thousand (2025), demonstrating a significant growth in global engagement and grant acquisition.

In parallel, the volume of contractual agreements (economic contracts) rose from UZS 101.0 million in 2023 to UZS 170.1 million in 2024, and further to UZS 330.6 million in 2025, indicating

intensified collaboration with external stakeholders and increased demand for institute expertise and services.

Moreover, ASIFL scaled up practical (applied) project funding from UZS 0.0 million in 2023 to UZS 734.5 million in 2024, reaching UZS 1,200.0 million in 2025. This dynamic increase highlights the institute's growing focus on practice-oriented initiatives, innovation-driven activities, and real-sector cooperation that contribute to measurable social and educational impact.
