Description:

Andijan State Institute of Foreign Languages (ASIFL) participates in sustainability-oriented international collaboration program that connect students with global universities and SDG-focused learning opportunities. This program strengthen sustainability education, intercultural communication, environmental ethics, and international academic cooperation.

1. Global Online Course: Intercultural Communication & Sustainable Development

ASIFL also co-organizes and participates in the Global Online Course: Intercultural Communication & Sustainable Development through its international cooperation network. The program involves UK,China and the ASIFL International Relations Office. It is delivered in English and focuses on sustainability, SDG principles, multilingual communication, environmental advocacy, and ethical decision-making.

This programme offered free of charge to eligible students, include approximately 30 hours of online learning, and provide certificates and ECTS credit transfer opportunities subject to institutional regulations. Through these collaboration, ASIFL expands access to international sustainability education and supports SDG 4 (Quality Education), SDG 13 (Climate Action), SDG 16 (Peace, Justice and Strong Institutions), and SDG 17 (Partnerships for the Goals).

Total number of university sustainability programs with international collaborations: 1 program
